The following applications can be filed using the Online Residence Application System.

- (1) Application for issuance of certificate for eligibility
- (2) Application for permission to change status of residence
- (3) Application for permission to extend period of stay
- (4) Application for permission to acquire status of residence

Q3 Can I pay fees for permission application using a credit card or other electronic means, instead of paying with a revenue stamp?

A3 Electronic payments are not allowed.

Q4 What is a registered user card?

A4 A registered user card is issued to a person whose registration for using the Trusted Traveler Program (TTP) has been approved.

A person whose registration for using the TTP has been approved can use an e-gate with their registered user card and can finish immigration procedures promptly without receiving a face-to-face immigration check by an immigration inspector at an ordinary immigration booth.

The TTP issues registered user cards to foreign business persons and tourists who intend to stay for a short period for the purpose of business, sightseeing or visiting relatives in Japan, and their families, etc. and who are admitted as a trusted traveler who satisfies certain requirements, and allows them to use an e-gate with their registered user card.

We hope that immigration control policies can be understood even better by the general public and become more familiar to them.
